

EMPLOYEE TRAINING CENTER

Web-based training for employees and supervisors

LandrumHR is pleased to partner with BLR® to provide your organization with the most efficient, easy-to-use online training program available today! Now you can keep your organization in compliance with federal and state mandated training requirements and save time with Landrum’s Employee Training Center, powered by BLR.

The BLR Employee Training Center has been recently named Best Workforce Training Solution by the Software & Information Industry Association (SIIA). “The CODIE Awards recognizes companies that provide the best new technology products and services across a broad array of industries”, noted SIIA President Ken Wasch.

LandrumHR looks forward to helping you implement a unique safety training program using the Employee Training Center. You will be able to reduce your preparation time – but still deliver expert training and stay compliant with up-to-the-minute documentation and reports. More details will follow in a reference guide!

Features and Benefits:

- Web-based training courses created by BLR’s award-winning Human Resource and Safety Editors
- Automated test scoring and session tracking
- Flexibility to allow employees to learn at their own pace
- Ability to schedule training and take courses from any computer that has an Internet connection
