

Simplify Your People Equation

a Landrum HR company

Finding Great People

We help organizations navigate complex workforce challenges through the power of people and process. We have relationships with the top talent in the market and can quickly place top resources in interim or permanent roles. Our Workforce Management service can simplify your contingent workforce and help you find and retain workers. We build solutions that drive your business forward.

- **National Search** - Fortune 500 companies and emerging companies alike trust us to find their talent. We specialize in HR, Finance, Legal, and Manufacturing.
- **Workforce Management** - Customized labor solutions for organizations using a large volume of temporary workers in task-repetitive jobs. Drive labor cost per unit down while aligning the site culture to improve worker safety, quality & performance.
- **Temporary and Interim Staffing Services** - Staffing services allow you to fill your workforce gaps quickly and efficiently. We have access to the people you need to be agile and respond to changing circumstances.
